Change of Management in Roblon A/S

We hereby announce that Jens-Ole Warrer Sørensen will take over the position as Managing Director of Roblon A/S.

Jens-Ole Warrer Sørensen is 51 years old and comes from a position as Managing Director of Reno-FF A/S.

Jens-Ole Warrer Sørensen is educated Bachelor of Science (Mechanical Engineering) and has finished an E*MBA from SIMI, Copenhagen and various courses etc. from Grundfos Management A/S, where he was employed during the period 1986-2005 with different fields of responsibility, starting in the development department of Grundfos, where he a.o. was R&D Manager and later Vice President for the product group management. Furthermore, Jens-Ole Warrer Sørensen was the Managing Director of Grundfos' sales- and service company Bellux in Belgium and Group Senior Vice President referring to the group management.

Apart from the above, he was the Managing Director of PN Beslag A/S, Brønderslev.

The appointment will take effect from October 2009.

Yours faithfully
Roblon A/S

Niels Bach
Chairman of the Board
